

## TEAM PROJECT PHOTOS

### Share Your Project Stories and Photos with Enactus World Headquarters

Nothing tells the story of Enactus better than seeing the entrepreneurial spirit in action!

Share your project photos with Enactus World Headquarters, and you may see your photo on the cover of the next Team Handbook, on [enactus.org](http://enactus.org), or in a video at World Cup. Here's the type of photo that works best.

- Show action! Rather than posed photographs, capture the essence of your project through the action it creates.
- Include team members and beneficiaries. It's powerful to see Enactus students interacting with the communities we serve.
- The higher the resolution the better. Today's smartphones are capable of 8 megapixel photos or more. If you have access to a digital SLR camera, these will yield the best project photos.

To get even better project photos, consider partnering with your University's photography department. Have a photography student accompany your team on your next project outing.

To submit your photos, email them to [trowett@enactus.org](mailto:trowett@enactus.org). If you have video, send it our way as well! Be sure to include a brief description of the project and a contact name and email address in the event we have questions.

By submitting your photo, you are granting permission to Enactus and its agents, employees and affiliated organizations to use the photograph in Enactus publications such as recruiting brochures, newsletters, and magazines, and to use electronic versions on web sites or other electronic form or media, and to offer them for use or distribution in other non-Enactus publications, electronic or otherwise, without notifying you. You waive any right to inspect or approve the finished photographs or printed or electronic matter that may be used in conjunction with them now or in the future, whether that use is known or unknown, and you waive any right to royalties or other compensation arising from or related to the use of the photographs.
